

VISIT PASSES

IMPORTANT INFORMATION FOR ALL FREQUENT STADIUM VISITORS

If you regularly attend Dandenong Stadium, have you considered purchasing a reloadable multi 'VISIT PASS'?

What are the benefits of buying a multi 'Visit Pass'?

When you first sign up for your visit pass, you will be issued with a barcoded access pass which is loaded with a pre-determined number pre-paid stadium entries.

Your pass will be pre-loaded with funds meaning you will have direct access to stadium with the 'express entry' method, enabling you to bypass the queue, head straight to the turnstiles, and simply scan your pass to gain access to the facility.

Visit passes can be purchased in lots of 5, 10 or 20 and they are 100% transferable – This is extremely useful if you have more than one person in your family who regularly attends the facility

You can also check the balance on your pass at the stadium, and once the funds on your card have all been used up, simply see one of our friendly staff at reception to top up, all in one simple transaction

Make sure that you take advantage of the **FREE EXTRA VISITS** option which is available to customers who choose to purchase either a 10, or a 20 visit pass

5 Visits	=	\$13.50 (no free entry included with this pass)
10 Visits	=	\$27.00 (plus 1 FREE entry—11 visits total)
20 Visits	=	\$54.00 (plus 2 FREE entry—22 visits total)

Please note that if you have already entered the facility on a particular day it is important to note that each time you scan your pass, one visit will be deducted from the card so make sure you get a stamp for a pass out.

For initial purchase of your visit pass, you will need to complete an application form and submit to the reception staff for processing. This process can take several moments but once completed, you will be provided with an access pass which you can use to pass through the turnstiles.

IMPORTANT - Do not rescan your card in place of a pass-out. Misused 'visits' are not able to be re-instated.
